TAIKAI

Shandong Taikai Power Equipment Co., Ltd.

COMPANY PROFILE

Shandong Taikai Power Equipment Co., Ltd., founded in 2010, is a national high-tech enterprise integrating design, R&D, production, sales, service, and maintenance. Its main products include on-load tap changers (OLTC)(35-220kV), fiberglass reinforced plastic dry-type bushings (FRP) (12-330kV), and neutral point complete set devices(110-220kV).

Through cooperation with major domestic transformer companies, its terminal products have earned the trust of major players in the power industry, are utilized by companies such as State Grid, Southern Grid, and involved in various industries such as coal, petroleum, steel, smelting, chemical engineering, railway and photovoltaic/wind power.

The products are exported to more than 20 countries including Thailand, Mongolia, Uzbekistan, Nicaragua, Oman and Zimbabwe, etc.

35-220kV Oil-immersed Arc-quenching and Vacuum OLTC

12-330kV Fiberglass Reinforced Plastic dry-type Bushing (FRP)

110-220kV Neutral Point Complete Set Device

15MW Philippines DMCI Palawan Thermal Power Plant Project

Cameroon Memve'ele Hydropower Station Project

ESTIMATED LEAD TIME

Product	Lead Time
OLTCs	70Days-80Days
bushings	60Days-70Days
NPSDs	50Days-60Days

Preconditions

1. The Lead time is the time after the drawing has been confirmed.
2. The advanced payment has arrived.
3. Based on mutual communication, we reserve the right to change the lead time.
4. Expedited production is possible in special cases.
